

## Interventions

*In the beginning God created the heavens and the earth. Genesis 1:1*

The Bible is trustworthy and believable. It should form the foundation of our lives and our education.

Four 'interventions' by God in history are particularly mocked and challenged by many in academia.

Intervention #1: Creation (Genesis 1)

- To be accurate, God didn't 'intervene' here, but He started history (time & matter) with creation.
- Corroborated by The First and Second Laws of Thermodynamics
- Corroborated by ancient civilizations
- Corroborated by Jesus: Mark 10:6

Intervention #2: Corruption (Genesis 2:17 ... see also Romans 8:20-22)

- Corroborated by The Second Law of Thermodynamics
- Corroborated by ancient civilizations

Intervention #3: Catastrophe (Genesis 6:17)

- Corroborated by geology and geography
- Corroborated by ancient civilizations
- Corroborated by Jesus: Mt. 24:37-39
- Corroborated by Peter: II Peter 2:5
- Genesis 8:22 vs. climate alarmism

Intervention #4: Confusion of languages (Genesis 11:5-8)

- Corroboration by scholars: ~ 80 lang. families ... Gen. lists 78 ...
- Corroboration by scholars: language has devolved, not evolved
- Corroboration by ancient civilizations
- Temporarily reversed at Pentecost: Acts 2:8

The Seven "C's" of History: Creation ... Corruption ... Catastrophe ...  
Confusion ... Christ ... the Cross ... Consummation (Second Coming) ...

*Christianity, if false, is of no importance, and if true, of infinite importance. The only thing it cannot be is moderately important.*

*The greatest menace in this country is not the bootlegger (we might say the drug dealer or the racist), but the college professor who rejects the Bible and undermines the faith of the young.*
